

### **AIMS AND OBJECTIVES**

Westfield aims to provide a truly happy, caring atmosphere where there is respect and mutual trust.

The relative smallness of the school gives real value to every girl so that she will enjoy a feeling of security, a sense of belonging and will develop a belief in her own worth.

We do not attempt to mould girls into a pattern; we nurture the individual talents of each girl, building up her self esteem so that she achieves her true potential, both academically and in other areas.

Through a broad and balanced curriculum and a wide range of extra curricular activities, we aim to promote a positive attitude towards learning and create an environment conducive to creativity. Our girls, therefore, enjoy school and acquire a solid basis for lifelong, independent learning, with the necessary knowledge and skills to tackle life in the 21<sup>st</sup> century.

Our involvement in Round Square broadens the girls' horizons and helps them to see themselves as part of a world-wide community. It supports our aims to foster an awareness of the importance of teamwork and co-operation, encouraging tolerance, understanding and consideration for the needs of others.

We aim to turn out well mannered, caring, self-confident, articulate future leaders who have a sense of responsibility towards the environment and those less fortunate than themselves.
