

CODE OF CONDUCT

- Be FRIENDLY** Smiles and kind words never go amiss, especially when the going is tough!
- Be THOUGHTFUL** Remember other people have feelings too - just like yours!
- Be ORGANISED** Think ahead, so that life and work do not take you by surprise
- Be CO-OPERATIVE** It's often fun to work with other people and it's never any fun being selfish!
- Be HELPFUL** Keep your eyes and ears open for good deeds (including small ones) waiting to be done!
- Be TIDY** Cultivate neatness in yourself and in your work - and keep your bit of the planet spick and span!
- Be CAREFUL** Be 'safety-conscious' in and out of school - but don't imagine danger is lurking around every corner!
- Be HARD-WORKING** Don't despair when work seems difficult and good grades are hard to come by
- Be TRUTHFUL** Remember the first person you tell any lie to is yourself
- Set a GOOD EXAMPLE** This means trying your level best to follow these outside as well as inside school!
